

Community-led Monitoring and Advocacy to strengthen nutrition outcomes under RKSK (Adolescents' Health Program) Implementation Experience from Uttar Pradesh, India

Anwasha Chatterjee

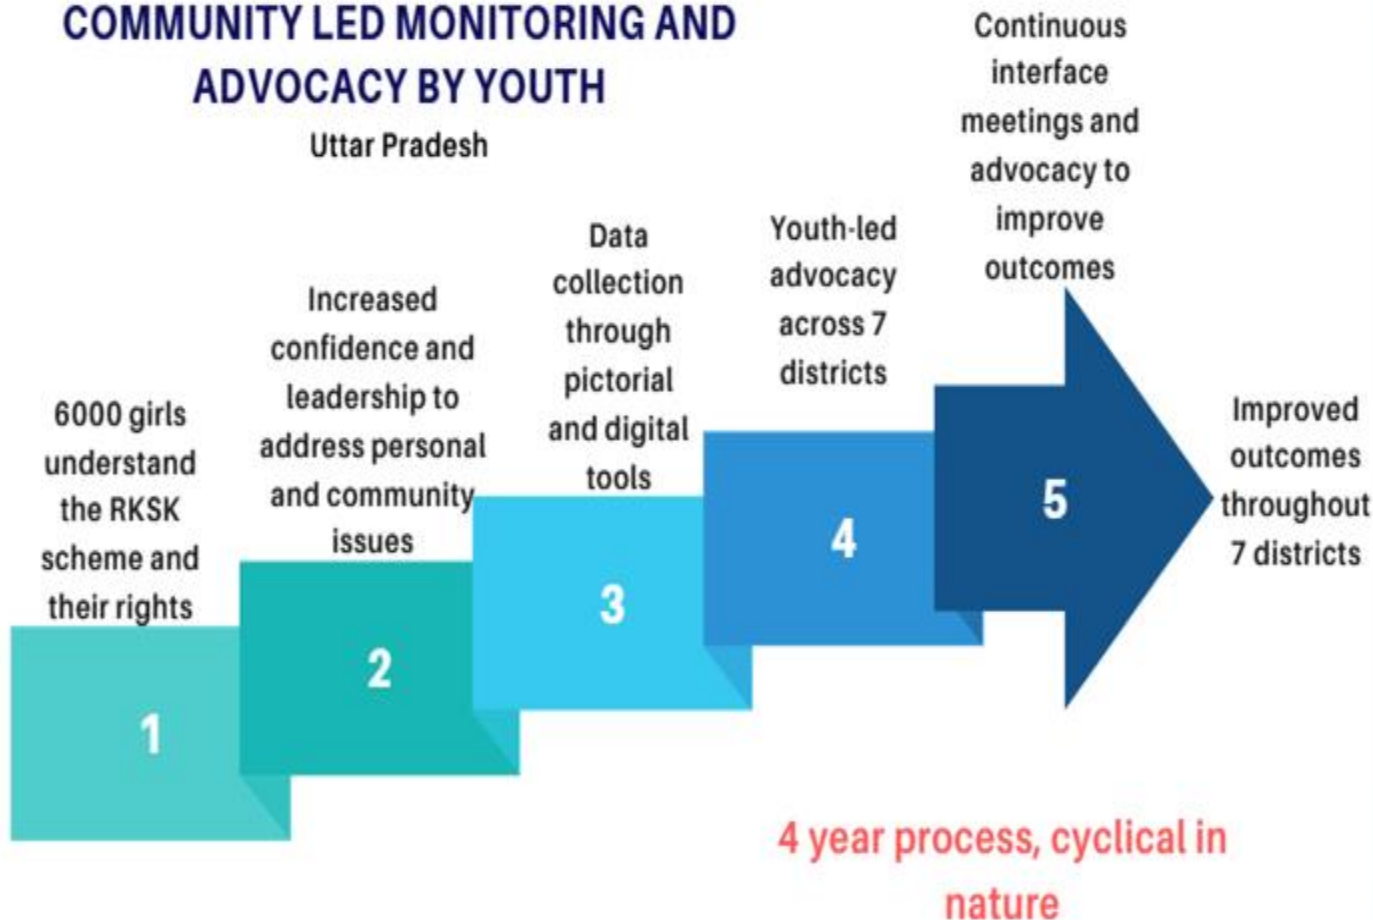

Deputy Director

SAHAYOG Society for Participatory Rural Development

Proof of Concept of Community led, especially Youth-Led monitoring and Advocacy in Uttar Pradesh

COMMUNITY LED MONITORING AND ADVOCACY BY YOUTH

Uttar Pradesh

IMPACT

Improvement in delivery of nutritional services at the village level

7 out of 10 youth increase their awareness and advocate for their health rights

Key takeaways

- 1** Utilising leadership and resilience based lens in working with young people
- 2** INVEST in youth-led initiatives more
- 3** Create evidence on the impact of youth-led approaches
