

Delivering for Nutrition in South Asia 2025: Research Abstract Form (*View Only*)

NOTE: This PDF is intended to give submitters an idea of what to expect on the abstract submission form for research studies. All answers must be submitted through the Microsoft Form only (click [here](#) for the Microsoft Forms link for the research abstract form).

PRESENTER INFORMATION

Enter the details of the person who will present the abstract if selected.

1. Title
2. Full Name (*As it appears on your passport or other official identification document*)
3. E-mail Address (Provide one e-mail address to be used as the primary point of contact for all conference-related correspondence.)
4. Organization/Affiliation (*Write out full name.*)
5. Designation/Position
6. Contact Number (*Include country code, no spaces or characters*)
7. Co-author/collaborator information (*If none, write N/A; otherwise, separate e-mails by semicolons.*)
8. Which country/region is your abstract related to? *Select all that apply.* (*Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, Sri Lanka, South Asia region*)
NOTE: Abstract submissions should focus on at least one of the 8 SAARC countries in South Asia: Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, and Sri Lanka. Submissions can represent either a single-country study, a multi-country study, or a regional study on South Asia. For multi-country studies, at least one of the 8 eligible countries in South Asia must be a focus.
9. Country of presenter (*Country where you are primarily based*)

ABSTRACT INFORMATION

All abstracts will be reviewed anonymously and independently by two reviewers to ensure a fair assessment based solely on the quality of submitted work. To this end, please avoid including any personal information such as organization names, collaborator names, your name, and donor names in this section.

Note that animal-based clinical trials are beyond the scope of this conference and, hence, will not be accepted.

10. Enter the title of your abstract. (150 characters)
11. Has this work been published?
Published means the work is available on a publicly accessible portal. (Yes/No)
12. Funder information
Specify the funder(s) supporting this work. Write out the full name(s). If there was no funding for this work, please write N/A.
13. Which topical area is most closely aligned with your abstract?
Please see the ['Call for Abstracts'](#) webpage for a description of the topical areas.
 - *Health systems*
 - *Agrifood systems*

- *Social protection systems*
- *Education systems*
- *Market systems*
- *Water, sanitation, and hygiene (WASH) systems*

14. Please select the secondary topical area that your abstract covers.

Please see the '[Call for Abstracts](#)' webpage for a description of the topical areas.

- *Not applicable*
- *Health systems*
- *Agrifood systems*
- *Social protection systems*
- *Education systems*
- *Market systems*
- *Water, Sanitation and Hygiene (WASH) systems*
- *Multi-systems (My abstract aligns with more than one secondary topical area)*

15. Please select the cross-cutting area that is most closely aligned with your abstract.

Please see the '[Call for Abstracts](#)' webpage for a description of the cross-cutting areas.

- *Not applicable*
- *Measurement, monitoring and evaluation*
- *Enabling environments that support the delivery of nutrition actions at scale*
- *Equity considerations: intersectionality, gender and social inclusion*
- *Impacts of climate and other shocks*

16. Geographic location (*Regional, National, Sub-national*)

ABSTRACT DETAILS

In this section, provide specific information about your abstract. Read the instructions carefully.

17. Rationale/objectives (350 characters)

- *What was/were the objective(s) of the research?*

18. Methods/analyses (700 characters)

- *What was the study design?*
- *What data collection methods were used (qualitative, survey, document review, etc.)?*
- *For surveys or qualitative interviews, please include sample size, respondent type, modality of data collection, and topics of inquiry.*
- *What data analysis approaches were used?*

19. Results (700 characters)

- *What were the key findings of this study that addressed the study objective(s)?*

20. Study implications (350 characters)

- *What are the implications of this research for policy and program uptake in South Asia?*
- *What additional research/ steps are needed for further understanding on this topic?*

21. What systems or partnerships are required to support scale-up of these findings? (350 characters)
